

REMARKS

This application is a reissue application and the amendment practice change of July 30, 2003 does not apply to reissue applications. In the last response, the applicants inadvertently deleted the phrase “for preparing essentially isotactic olefin polymers” from claim 1. The undersigned copied a claim where the phrase was deleted. The applicants have corrected this. In addition, the applicants have deleted the symbol “ - - “ appearing in the phrase R¹² or R¹¹.

The previous rejections have been withdrawn. In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance.

Accordingly, the Examiner is respectfully requested to pass this application to issue.

No additional fees are due. If there are any additional fees due in connection with the filing of this response, including any fees required for an additional extension of time under 37 CFR 1.136, such an extension is requested and the Commissioner is authorized to charge or credit any overpayment to Deposit Account No. 03-2775 under Order No. 09086-00185-US from which the undersigned is authorized to draw.

A prompt and favorable action is solicited. The applicants believe that these claims are in condition for allowance, however, if the Examiner disagrees, the applicants respectfully request that the Examiner telephone the undersigned at (302) 888-6270.

Respectfully submitted,

By
